IV. Title IX Infrastructure, Resources and Internal Protocols

- IV.1. Properly resource (personnel and funding) Title IX office to implement policies, procedures, and practices:
 - Add Deputy Title IX coordinators for intake, support, and case management
 - Add prevention and education coordinator
 - Evaluate current investigative functioning to ensure thorough, adequate, reliable investigations
 - Assess the need for additional trained and experienced investigators (internal or external)
 - Provide trained and effective administrative support
 - Identify personnel for all positions based on level of training and experience to ensure effective implementation and removal of conflict in roles and reporting structure
- IV.2. Restructure the Title IX office to improve the implementation of policy, procedure and practices:
 - Develop specific intake protocol
 - Use case management approach to track and monitor interim measures and student success
 - Separate investigations from the provision of resources and support
 - Develop investigative templates and protocols for consistent documentation and evaluation

- Review internal operating protocols to assure compliance, consistency, and follow up on all reports
- IV.3. Develop structured protocols and systems for the coordination of information between and among implementers, including internal case management and documentation that tracks timelines, regular and ongoing internal and external communications, and documents investigative steps, interim measures and steps taken to eliminate sexual harassment or violence, prevent its recurrence and address its effects.
- IV.4. Develop consistent protocols for application to critical decisions that identify decision-making authority, outline the applicable law and guidance, establish a template list of key considerations, and maintain appropriate documentation of the factual foundation for each decision.
- IV.5. Review and standardize existing template communications for regular stages of the process to assure consistency, the use of trauma-informed language, adherence to policy requirements and compliance with federal law regarding required written communications.
- IV.6. Conduct an initial assessment in every case and ensure contemporaneous documentation of steps taken and information considered. The initial review should proceed to the point where a reasonable assessment of the safety of the individual and of the campus community can be made, and the Title IX Coordinator and/or Title IX Management Team has sufficient information to determine the best course of action, which may include an investigation or steps to otherwise determine what occurred.
- IV.7. As part of the initial assessment of a report, develop a standardized process for evaluating a complainant's request for anonymity, determining the appropriate course of action when balancing individual autonomy with broader campus safety obligations, and documenting the facts and circumstances that inform the University's determination. This process, which must be supportive of a complainant's needs and iterative in nature, can involve the Title IX Coordinator, the Title IX Management Team, or a separate entity specially designated to assist or evaluate a request for anonymity. The Title IX Coordinator should document the information gathered, the factors considered, the determination reached, and any additional steps taken to eliminate, prevent, and address the effects of the misconduct. Initial assessment protocols should vet whether a potential pattern of sexual violence is present.
- IV.8. Ensure that all forms of informal resolution are clearly documented to demonstrate the actions that are taken to meet the University's Title IX obligation to take action to eliminate a hostile environment, prevent its recurrence and address its effects on the complainant and the community.
- IV.9. Maintain appropriate documentation and records of all reports and steps taken to eliminate, prevent and address the effects of the prohibited conduct.

- IV.10. Review and revise protocols to incorporate patterns, trends and climate assessment for consistent broad remedy analysis and investigation of potential serial offenders.
- IV.11. Evaluate appropriateness and availability of facilities to effectively implement Title IX responsibilities.
- IV.12. Explore the use of available technology for reporting, responding, and tracking cases.
