Are all the parties willing to 11 stipulate that that's an acceptable method of taking

MR. D'AUNOY: FCA U.S. is willing to stipulate to taking the deposition with the court reporter in a separate room from the witness via the videoconference that we are on.

17 I will note for the record that plaintiff indicated for the first time this morning 18 19 when we got on about ten till 9:00 that they were not 20 prepared to conduct the deposition as agreed in terms 21 of the presentation of exhibits. FCA U.S. has agreed 22 to go forward with the deposition with the 23 understanding that plaintiff will be able to present exhibits to the witness via a share method on the 24 25 Zoom video program. March 25, 2021 Page 9 1 the question, it's vague. Can you please clarify? I don't 2 Α. 3 understand. MR. SCHMITZ: 4 5 Ο. You understand that you're here to testify on behalf of FCA U.S. LLC. What does that 6 7 mean to you? 8 MR. D'AUNOY: Same objection. 9 Α. I'm still not understanding. MR. SCHMITZ: 10 11 Do you understand that the testimony Ο. you give here today is going to be binding upon FCA 12 U.S. LLC in this lawsuit? 13 MR. D'AUNOY: I'm just going to object 14 15 because that statement is legally inaccurate to the extent that he provides testimony on topics that have 16 17 been properly noticed and that FCA U.S. has agreed to 18 provide a witness here in his corporate representative capacity, that may be true, but to the 19 20 extent that he's testifying to any issues outside of 21 what he's been specifically designated and what's 22 been agreed upon, then it would be in his individual 23 capacity. 24 Steve, I'd ask that we MR. Ο. 4 Do 5 you understand that the testimony you give here today would be binding upon FCA U.S. LLC? 6 7 MR. D'AUNOY: Same objection, Mark, 8 and if you're asking questions that call for legal 9 conclusions, I'm going to interject. So I'm going to 10 state the same objection that you're asking this 11 witness to make a legal conclusion without even knowing what questions you're going to ask, so this 12 witness nor am I are going to agree that everything 13 14 that you ask him today is going to be binding on the 15 company. MR. SCHMITZ: 16 Can you please go ahead and answer the 17 Ο. question? 18 19 Based on my advice from my attorney, I Α. 20 don't feel comfortable answering that question. 21 Ο. What is your understanding of the 22 subject matter of the lawsuit that you're here to testify in today? 23 24 I have prepared for the deposition by Α. 25 going through all of the documents that have been

D'AUNOY: I'm going to object on 11 attorney-client privilege grounds and instruct the witness not to reveal any conversations that he's had 12 with his attorneys in this case, either in-house or 13 14 outside attorneys, but if he knows outside of 15 conversations with the attorneys in this case, he can 16 answer. I do not have knowledge outside of the 17 Α. conversations with my attorney. 18 MR. SCHMITZ: 19 20 I think my video froze up, so I didn't Ο. 21 catch the answer there. I'm sorry. I do not have any knowledge outside of 9 conversations with my attorney. MR. The witness can answer as 16 to the date, but I'd instruct the witness not to 17 reveal anything about the substance of the 18 19 conversations that he's had with his lawyers. 20 The timeframe was in early January. Α. Ι 21 do not know the exact date. 22 MR. SCHMITZ: 23 Ο. What did FCA U.S. LLC do to prepare you for today's deposition? 24 25 MR. D'AUNOY: Again, same objection.

Based on my advice from my attorney I do not have any outside from discussion with my 10 11 attorneys. MR. SCHMITZ: 12 13 Ο. I'm going to 9 object to the extent that that calls for the witness to reveal attorney-client privileged communications. 10 11 To the extent that the witness knows outside of his conversations with counsel, the witness can respond. 12 I do not know outside of the 13 Α. 14 conversations I had with my attorney. 15 MR. You're now asking this witness to reveal conversations he's had 3 with his counsel about that topic. You're trying to 4 qo about it in a roundabout way to get this witness 5 to reveal conversations with his counsel. It's 6 7 completely inappropriate. I think you need to move 8 on.

9 MR. SCHMITZ:

10 So my understanding is that the only 0. 11 knowledge that FCA U.S. LLC had about whether or not current employees worked with the company in 2009 12 13 with respect to the development and policy making of 14 the Lifetime Powertrain Limited Warranty is because 15 of conversations with counsel; is that accurate? MR. D'AUNOY: I'm going to object to 16 17 the form of the question. It's vague. If you want to ask this witness if he has knowledge besides 18 19 conversations with counsel about what happened in 20 2009, you can. But this witness isn't going to answer for the entire company and what knowledge 21

5	going to resume where we left off.

6 MR. D'AUNOY: Mark, I'm just going to 7 state for the record that FCA U.S. is not going to 8 allow you to make a confusing record. FCA U.S. is 9 not going to allow you to bully this witness. FCA 10 U.S. is not going to allow you to ask this witness 11 questions that are outside of the scope of what FCA 12 U.S. put this witness up on here today.

FCA U.S. is going to continue to 13 14 object that questions you ask are outside the scope 15 with which FCA U.S. thinks is entirely appropriate in 16 a corporate representative deposition. I have not read your cases, but I can't imagine they speak to 17 18 the situation of a corporate representative 19 deposition. So FCA is going to continue to object 20 when your questions are outside the scope to preserve 21 the record as to when this witness is testifying by 22 FCA U.S.'s agreement as a corporate representative 23 versus when he's testifying in his individual 24 capacity because we've been on the record for about 25 an hour and many of your questions have been outside

2	So we are not going to allow you to
3	bully this witness into providing testimony on behalf
4	of FCA U.S. on topics and on issues that were not
5	properly noticed and that FCA U.S. didn't agree that
6	this witness would be prepared to testify about in
7	his representative capacity.
8	MR. SCHMITZ: We disagree with the
9	scope objection. I think that the deposition
10	guidelines make that incredibly clear. I've given
11	you three cases that all repeat what the deposition
12	guidelines say in this district and, again, those
13	deposition guidelines are not aspirational, they are
14	mandatory. You can make objections to form. You can
15	make objections to privilege. That's it.
16	So scope objection is a form objection
17	meaning that if FCA believes that the inquiry is
18	outside the scope of the topic, that objection is
19	preserved by saying object to form. Anything beyond
20	that is a speaking objection, it's coaching and it's
21	sanctionable. If you have any authority to support
22	your position, send it to us. Otherwise, those are
23	out of line and we will go to Judge O'Hara to seek

Page 53 MR. D'AUNOY: Well, Mark, it's 1 2 ridiculous for you to ask me if I have authority as 3 I'm sitting here and you're bringing up a new issue and ask me for authority in one minute. FCA is going 4 5 to continue to object to form when it believes there's a problem with the form of your questions. 6 7 It will object to scope when it thinks your questions 8 are outside the scope. And, of course, if you ask 9 for the witness to divulge attorney-client privilege 10 or work-product privileged communication, it's going 11 to object on those grounds as well. MR. SCHMITZ: I understand that FCA 12

U.S. LLC does not presently have any authority to 13 14 support the position that its objections are proper 15 despite the clear language of the deposition guidelines and my opinion is that FCA, despite 16 17 repeated requests including my statement that the plaintiff will consider a scope objection preserved 18 19 merely by stating objection form, that FCA intends to 20 continue making those speaking objections and 21 coaching its witness, so I will have to bring that issue to the court after the deposition today has run 22 its course. 23

I've done no such thing here today. 3 I'm making objections to preserve the record and trying 4 5 to get you back on to the scope of the actual topics that are noticed in this case. If you want to 6 7 continue to ask off-topic questions of this witness 8 and waste my time, this witness's time, and everyone 9 else's time who's here on this call, then we're going to stop the deposition. 10

11 If you want to tell me that an 12 objection to form, as to every time I make an 13 objection to form that that covers scope and that 14 that objection is preserved, I'm happy to use the 15 word form instead of scope. But I want a clear understanding on the record that if I object to form, 16 17 that's an objection to the scope of your question 18 that it's outside the deposition topic and that this 19 witness is not testifying on behalf of FCA U.S. LLC 20 and is testifying in his individual capacity. Do I 21 have your agreement that my objection to form means 22 that?
